

MOOSE HUNTING

ARCHERY AND RIFLE HUNTS AVAILABLE

Your Hunt

Tatnall Camp is well situated for excellent moose hunting opportunities. We are located on the north-west side of Oba Lake near the vast Chapleau Game Preserve. Hunters appreciate our remote wilderness location accessible only by float plane. Hunting takes place on the west side of the Algoma Central Railway tracks as well as the surrounding shores of Oba Lake, Oba River, and other smaller waterways and creeks. This package allows hunters the option of fishing as well. All areas are accessible by boat and motor as well as by canoe and by foot for those who wish to venture further into the marsh system and hunt area. Your hosts are quite approachable and willing to share their insight and hunting experience with you.

PACKAGE INCLUSIONS

- Self Guided archery or rifle moose hunt. Limited tags available.
- One fully equipped 2-bedroom winterized housekeeping cabin
- One 14 foot aluminum boat with 9.9 or 15 HP four-stroke motor plus gas for every 2 hunters
- Use of amenities including fish cleaning facility, outdoor barbecue grill, bonfire pits, sauna, area designated for cleaning, hanging and preparation of moose
- Upon your arrival, your host will outline hunt areas and indicate the marshes, trails, and areas known for past success
- Canoe available

RATES

Inquire directly on the type of hunt you are interested in (date of interest, hunt group size, rifle or archery hunt, tags, etc.) and we will get back to you with details if there is an available hunt to meet your interest. Inquire about our early archery hunt.
